

Our Process

Consultation for Singers and Musicians

The first step in working with us is to schedule an initial consultation. This can be arranged via phone, email, or in person. During the consultation, we'll cover the following:

- Pricing:** *Understand our rates and what's included.*
- Your Journey:** *Share your musical background and aspirations.*
- Recording Location:** *Discuss available options and preferences.*
- Deadlines:** *Set realistic timelines for your project.*
- Budget:** *Align your financial plan with project requirements.*
- Goals:** *Define your objectives and how we can help you achieve them.*
- Agreement Forms:** *Review and sign necessary documentation to formalize our collaboration.*
- PRO Splits (Rights Sharing):** *Discuss Performance Rights Organization (PRO) splits to ensure proper rights management and revenue sharing.*

Following the initial consultation, we'll prepare and submit a detailed price sheet and agreement form outlining our payment phases, scope of work, deliverables, timeline, and cost estimate.

Once the agreement has been submitted and signed, we'll enter the planning phase. This involves further discussions to finalize project details, such as scheduling the four phases: **(Music Creation-Recording-Mixing-Mastering)**.

With a solid plan in place, we'll proceed to the execution phase. Our team will work diligently to bring your project to life, keeping you updated on progress every step of the way. We welcome your feedback throughout the process and will make any necessary revisions to ensure that the final deliverables meet your standards and objectives.

This consultation is designed to provide you with a clear understanding of how our business operates and how we can support your musical endeavors.
